Born in Paris in 1949 as USA citizen. Today Swiss citizen residing in Switzerland.

Schools

- 1969. Swiss Federal Matura, classical studies (Latin).
- 1961–1969. Secondary boarding school, École Nouvelle de Suisse Romande, Chailly, Lausanne (Switzerland)
- 1960. Summerfields School, Oxford (England).
- 1954–1959. Various schools in Paris (France).

University Studies

1992. *Postural Dynamics and Social Status*. The Ph.D. dissertation was presented at the Faculty of Psychology of Duisburg, Germany. The dissertation is directed by Professor Siegfried Frey and Professor André Haynal. Following the German procedure, with the presentation of a doctoral dissertation, I also passed an oral exam on epistemology from Plato to Husserl (directed by Professor Guirnt), and an oral exam on the physiology of emotions (directed by Professor Haynal). The dissertation was accepted with a 'Summa Cum Lauda'.

- 1988.12.19. FACS training certificate from Paul Ekman and Wallace Friesen.
- 1976–1990. Preparation of my doctoral thesis under the direction of Professor Doise. Among the members of the jury, there was André Bullinger and Mario von Cranach. Postdoc seminars in experimental social psychology directed by Professors Doise and Mugny.

2. Detailed curriculum vitae: Michael C. Heller, Doctor in Psychology and Psychotherapist

1976–1984. As a doctoral student, I studied at the Psychology Faculty of Bern: Siegfried Frey. These visits implied learning how to use 'Time Series Notation'. This method is focused on the coded analysis of gesture, using artificial intelligence for the analysis.

1976. Diploma in genetic (developmental) and experimental psychology, at the faculty of psychology and educational sciences (F.P.S.E), university of Geneva, with a specialisation in social psychology, department of Professor Willem Doise. Written dissertation replicating Jean Piaget's 1976 research on *The grasp of consciousness: action and concept in the young child*. Title of the dissertation: *La marche à quatre pattes* (walking on all fours). The equivalence to a Master was granted at the F.P.S.E. in 2010.

1969–1975. License in developmental and social experimental psychology, at the faculty of psychology and educational sciences (F.P.S.E.), university of Geneva.

Psychotherapy Training:

2022–2023: 7 hours of individual supervision with Claudia Jankech, psychologist.

2021.11.–2024.06: Monthly intervision with colleagues organised by Dre Karin Sury Curchod.

2021.12.13. Certificate for a 3*2-hour intervision with 5 psychotherapeutic colleagues, psychiatrists and psychologists. 6 hours.

2021.02.06. *Intervision on body-mind approaches* at the UPSO of the Le Noirmont Clinic (Theory and practice of body mind approaches with psychosomatic patients) with Elsbeth Kaelin (Master of Sport and SBall therapist) and Vanessa Di Nuzzo Stauffer (Physiotherapist and Yoga therapist). 2h30.

2019. Group supervision in psychodrama with Mme Catherine Krähenbühl, at Le Noirmont Clinique. 2 hours.

2018.03.01–2021.06.30. «Medical assistant psychologist» and body psychotherapist for a 60% employment at the psychosomatic unit of the psychosomatic unit (UPSO) of the Le Noirmont Clinic (Switzerland, Jura sate). CDI Contract from 1.2.2018 to 30.6.2021, 50 hours per week.

2017–2024: Group Z meetings with trainers of the *Biodynamic psychology school of Montpellier*. With Christiane and François Lewin, Michelle Quoilin, Rubens Kignel, Silvia Wieland, Ebba Boyesen, Clover Southwell, Menno de Lange and Roger Tellenbach.

2016–2022. Member of the EABP *Think Tank*.

2014.6–2017.12. Providing pluridisciplinary team supervisions at the psychosomatic department (UPSO) of Le Noirmont Clinic (Jura, Switzerland), organized by Docteur Duc Lê Quang. 14 3-hour sessions.

2009–2018. Collaboration with Dr Nicole Clerc (psychiatrist), with the possibility of delegated psychotherapy.

2004–2006, Lausanne. *Individual supervision* with Kaj Noschis. 23 Hours.

1995–2002, Lausanne. *Individual supervision* with Marulla Hauswirth. 37 Hours.

1995–1998, Lausanne. *Individual psychotherapy* sessions in Bio-energetic Analysis with Jean-Marie Goël (184 sessions)

1989–1990, Offenburg (Germany). Post training with Gerda Boyesen in 'deep draining' (a method of deep massage which allows one to work on the psycho-postural patterns of a patient).

1985.05.15–1986.06.30. Monthly *supervision* lasting 3 hours provided by Professor Willy Pasini to the psychotherapists of the Geneva Center of Biodynamic Psychology (Alain Ringger, Françoise Enckell-Werner and Michel Heller)

1983. *Diploma in Biodynamic Psychology and in Psycho-Organic Analysis* (then called psychodynamic analysis). This second schools was created by Paul Boyesen, with the aim of building a bridge between Biodynamic Psychology body psychotherapy and psychoanalytic work.

1979. Certified psychotherapist in *Biodynamic Psychology*.

1978–1983. Courses in Psycho-Organic Analysis with *Paul Boyesen*, and *diploma for the training in Biodynamic Psychology and Psychodynamic Analysis* signed by Gerda Boyesen.

1976–1979, Geneva. *Training in Biodynamic psychotherapy* organised by Gerda Boyesen.

1973–1975, Geneva. Body psychotherapy workshops. The rhythm was of 9 weekends par an. With Tribu, then with Gerda Boyesen.

3. Detailed curriculum vitae: Michael C. Heller, Doctor in Psychology and Psychotherapist

1971–1974, Geneva. *Psychotherapy sessions of psychodynamic orientation with Georges Dubal (250 sessions).*

Career in psychotherapy:

2022–2023: 7 hours of individual supervision with Claudia Jankech, psychologist.

2-6.2021. 7 courses of one" hour on Theory and practice on approaches using body-mind methods with psychosomatic patients", given at the UPSO of the Le Noirmont Clinic.

2018.03.01-2021.06.30 "Assistant medical psychologist" of the psychosomatic readaptation team of The Le Noirmont Clinic in the Jura, Switzerland (60%).

2018–2024.03. Psychotherapist and supervisor in Lausanne (40%), Rue Virgile-Rossel 18, and from 2021 to 2023 at Rue Voltaire 1, with Lito Panayotopoulos et Olivia Didisheim (psychiatrists) and Évelyne Martinet (psychologist).

1976. First clients seen for body psychotherapy.

4. Detailed curriculum vitae: Michael C. Heller, Doctor in Psychology and Psychotherapist

Academic Career

2010.03. Member of the jury for the thesis (455) of Stéphane With: *Structural analysis of temporal patterns of facial actions: measurement and implications for the study of emotion perception through facial expressions*. Direction: Susanne Kaiser.

2000–2001. Representing Switzerland in International Honorary Committee for the Margaret Mead 2001 Centennial. The centennial is organised by Mary Catherine Bateson, and the honorary chair of the International Committee is presided by Jimmy Carter, Rosalynn Carter and professor Claude Lévi-Strauss.

1992–1995, Geneva. One of our research projects is partially funded by the Swiss National Funds for Scientific Research in scientific neurology and psychiatry (project n. 32-33548). The project is a Contribution to the Observation of the Nonverbal Behaviour of para-suicides and to the prediction of suicide reattempt risk ('Contribution à l'observation du comportement non verbal et à la prédictions du risque de récurrence suicidaire')

1989–1998. I manage the organisation of the *Artificial Intelligence Seminar* of the I.U.P.G. (created by Guy Cellérier, André Haynal and Daniel Stern), in which I am a participant.

1989–1998, Geneva. A 25% post as 'Psychologue II' at the Psychiatric Department of the Geneva Medical Faculty. This allows me to work 75% of the week at the L.A.C., and to be nominated executive psychologist at the I.U.P.G.

1987–1998, Geneva. Employed by the I.U.P.G.: 'Institut Universitaire de Psychiatrie-Genève' (Geneva University Psychiatric Institutions). The I.U.P.G. has become the H.U.G: (Geneva University Hospital Psychiatric Department). Professor André Haynal wanted me to manage a laboratory in which nonverbal communication between psychiatrists and suicidal patients is analysed using Ekman and Friesen's FACS method (Facial Action Coding System). The Laboratory is called the '*Laboratory of Affect and Communication*' (L.A.C.). I worked there as a 'Psychologue I' 50%, then Psychologue II 75%. Our team mostly analysed patients with major depression who arrived at the Geneva hospital after a suicide attempt. The facial behaviour of these patients and of the psychiatrist who interacted with them during a semi-structured interview was carried out with the help of Klaus Scherer, Paul Ekman, Wally Friesen, Siegfried Frey, Rainer Krause and their research teams.

Professional Associations:

2023–2025: *EABP Certificate of Accreditation* as a professional European body psychotherapist and as a member.

2024.06.10.-now: member of the APVs (Psychological Association of the Valais canton).
